for

**Skill Development, Outcome Based Trainings,
R&D Services and Related Services**

MEMORANDUM OF UNDERSTANDING

This **Memorandum of Understanding** (hereinafter called as the 'MoU') is entered into on this the TWELTH DAY OF APRIL TWO THOUSAND AND TWENTY TWO (12/04/2022), by and between

Jawaharlal Nehru Government Engineering College Sundernagar, Mandi, H.P.-175018, The First Party represented herein by its **Director-cum-Principal, Prof. (Dr.) S.P. Guleria**, (hereinafter referred as '**First Party**', the institution which expression, unless excluded by or repugnant to the subject or context shall include its successors – in-office, administrators and assigns).

and

National Institute of Technology Uttarakhand, Srinagar Garhwal-246174, Distt. Pauri Garhwal, Uttarakhand, India, The Second Party and represented herein by its **Director, Prof. (Dr.) Lalit Kumar Awasthi**, (hereinafter referred to as "**Second Party**", organization which expression, unless excluded by or repugnant to the subject or context shall include its successors – in-office, administrators and assigns).

(First Party and Second Party are hereinafter jointly referred to as 'Parties' and individually as 'Party') as

WHEREAS:

- A) First Party is a Technical Educational Institution of Govt. of Himachal Pradesh named:
- Jawaharlal Nehru Government Engineering College Sundernagar, Mandi, H.P.-**
First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- B) The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education and Research.
- C) Both Parties, being legal entities in themselves desire to sign this MoU for advancing their mutual interests.
- D) **National Institute of Technology Uttarakhand**, the Second Party is engaged in imparting high quality technical education, in the fields of – **Electronics and Communication Engineering, Civil Engineering, Computer Science and Engineering and Mechanical Engineering** and related fields.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

CLAUSE 1

CO-OPERATION

1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the **Institution** and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.

1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of both Parties providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry/global scenario.

1.3 The general terms of co-operation shall be governed by this MoU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MoU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MoU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2

SCOPE OF THE MoU

2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.

2.2 Curriculum Design: Both parties will give valuable inputs to each other in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.

2.3 Students Training & Visits: The first and second party will permit the Faculty and Students of the other Party to visit its campus and would accommodate students in Training Programs for the both parties in such a number that deems convenient. The training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. Both the parties will provide its Labs/Workshops/Industrial Sites for the hands-on training of the learners enrolled with each other.

2.4 Research and Development: Both Parties have agreed to carry out the joint research

activities, joint guidance of student projects/thesis in the fields of - **Electronics and Communication Engineering, Civil Engineering, Computer Science and Engineering and Mechanical Engineering** and other multidisciplinary areas of national interest on mutually agreeable terms.

2.5 Skill Development Programs: Both the parties will train the students on the emerging technologies in order to bridge the skill gap and make them industry ready.

2.6 Guest Lectures: Both the parties to extend the necessary support to deliver guest lecturers/ organization of joint conferences and seminars to the students and faculty on the technology trends and in house requirements.

2.7 Faculty Development Programs: Both the parties to train the Faculties for imparting training as per the requirement considering the National Occupational Standards in concerned sector, if available.

2.8 Placement of Trained Students: Both the parties will actively engage to help the delivery of the training and placement of students, internships/jobs.

2.9 Sharing of Facilities: The First party and the Second party shall provide access to their facilities (which are permissible under norms) such as Laboratories, Library, Software etc. to promote academic and research interaction in the area of cooperation.

2.10 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the programmes on the terms specified herein.

2.11 There is no financial commitment on the part of both the parties. If there is any financial consideration, it will be dealt separately as per respective Govt. norms. Each Party shall bear the respective costs of carrying out the obligations under this MoU.

CLAUSE 3 INTELLECTUAL PROPERTY

3.1 Nothing contained in this MoU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

CLAUSE 4 VALIDITY

4.1 This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which period **National Institute of Technology Uttarakhand** the Second Party, as the case may be, will take effective steps for implementation of this MoU. Any act on the part of **Training Partner or National Institute of Technology Uttarakhand**, the Second Party after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MoU.

4.2 Both Parties may terminate this MoU upon 30 calendar days' notice in writing. In the event of

termination, both parties have to discharge their obligations

CLAUSE 5

RELATIONSHIP BETWEEN THE PARTIES

5.1 It is expressly agreed that **First Party** and **Second Party** are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

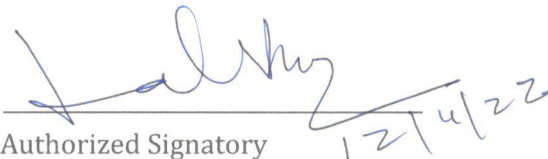

Any divergence or difference derived from the interpretation or application of the MoU shall be resolved by mutual discussion between the parties.

AGREED:

For **Jawaharlal Nehru Government
Engineering College Sundernagar**

For **National Institute of Technology
Uttarakhand**
